

BILLING CODE: 3410-34-P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2016-0036]

Notice of Request for Revision to and Extension of Approval of an Information Collection;

Importation of Mangoes From India Into the Continental United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Revision to and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection associated with the regulations for the importation of mangoes from India into the continental United States.

DATES: We will consider all comments that we receive on or before [Insert date 60 days after date of publication in the Federal Register].

ADDRESSES: You may submit comments by either of the following methods:

- Federal eRulemaking Portal: Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2016-0036>.
- Postal Mail/Commercial Delivery: Send your comment to Docket No. APHIS-2016-0036, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2016-0036> or in our reading room, which

is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the importation of mangoes from India, contact Dr. Nicole Russo, Assistant Director, Regulatory Coordination and Compliance, PHP, PPQ, APHIS, 4700 River Road Unit 156, Riverdale, MD 20737; (301) 851-2159. For copies of more detailed information on the information collection, contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2727.

SUPPLEMENTARY INFORMATION:

Title: Importation of Mangoes From India Into the Continental United States.

OMB Control Number: 0579-0312.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 et seq.) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. As authorized by the PPA, the Animal and Plant Health Inspection Service (APHIS) regulates the importation of fruits and vegetables into the United States from certain parts of the world as provided in “Subpart-Fruits and Vegetables” (7 CFR 319.56-1 through 319.56-75).

Under § 319.56-46 of the regulations, APHIS allows the importation of mangoes from India into the continental United States under certain conditions to prevent the introduction of plant pests into the United States. These conditions involve the use of information collection

activities, one of which is a phytosanitary certificate. As a condition of entry, the mangoes must undergo irradiation treatment and be accompanied by a phytosanitary certificate with additional declaration statements providing specific information regarding the treatment and inspection of the mangoes and the orchards in which they are grown. The additional information collection activities include a preclearance workplan, trust fund agreement, compliance agreement, monitoring of inspections, and recordkeeping.

Since the last approval of this collection by the Office of Management and Budget (OMB), we have added activities that were previously not accounted for, such as an orchard inspection agreement between APHIS and the national plant protection organization (NPPO) of India, package labeling identifying the treatment facility and date of treatment, treatment certification, and denial/withdrawal of facility certification. We have also revised the estimates of burden associated with this information collection.

We are asking OMB to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.016 hours per response.

Respondents: Importers of mangoes and the NPPO of India.

Estimated annual number of respondents: 76.

Estimated annual number of responses per respondent: 1,233.

Estimated annual number of responses: 93,713.

Estimated total annual burden on respondents: 1,509 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 2nd day of June 2016.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.
